The Burton End vision

Welcome back, I hope you all enjoyed a lovely half term break. As you know, the senior leadership team have been working on developing a new vision statement for the school over the last half term. This is important as the vision statement will be at the core of everything that we do at Burton End. We have taken time to collect feedback from staff, parents and children and have used this to create the new statement which I am launching with the whole school community today!

Kelly Mace - Headteacher

Burton End Vision Statement:
Nurturing curious, confident learners to thrive and believe that anything is possible.

This vision statement will guide us as a school community as we reflect upon our purpose, our offer for the children who attend Burton End and the outcomes of children who have progressed through the school. This will be underpinned by our school values of respect, ambition, kindness and resilience which are very much embedded in school and are a reminder for us all about the agreed way that we will conduct ourselves as proud members of the Burton End Community.

Anything is possible!
